

SS&Si Acquires Assets of FAST Security Distribution Carrying Forward a 50-Year Legacy

Deltona, FL – August 1, 2025

SS&Si Dealer Network is proud to announce the acquisition of certain assets of FAST Security Distribution, the distribution arm of First Action Security Team, Inc. With roots dating back to 1975, FAST has spent five decades supporting the success of independent alarm dealers across the country.

This strategic acquisition brings together two organizations with shared missions—empowering dealers through reliable product access, personalized support, and value-added services. As part of the transaction, SS&Si has hired the FAST Security Distribution team to ensure seamless continuity of service and preserve the strong dealer relationships FAST has built over the years.

“It was extremely important to us for our dealers to end up with a company that could support them—and that genuinely cared about their success,” said Trey Alter, President of First Action Security Team. “It was clear from the start there was no better choice than Jake and the team at SS&Si. They’re redefining excellence in distribution, and I know our dealers will now have access to more opportunities than we ever could have provided.”

“FAST will now be FASTER than ever as part of SS&Si,” said Jake Voll, President of SS&Si. “For nearly 50 years, the team at FAST has championed independent alarm dealers. Our missions have always been aligned, and we’re honored to carry that legacy forward.”

The acquisition expands SS&Si’s branch footprint, which now includes Deltona, FL; Huntsville, AL; Tulsa, OK; and Hagerstown, MD. With these strategically located facilities, SS&Si now offers 1–2 day ground shipping to over 80% of the U.S. population—enhancing its reach and responsiveness.

FAST dealers will also gain access to SS&Si’s suite of value-added services, including its industry-leading private labeling and branding program. Dealers can enjoy free logo printing on preferred products with no minimum order quantity, helping boost brand visibility and customer loyalty.

With nearly five decades of history behind it, FAST Security Distribution begins a new chapter as part of SS&Si. Jake Voll and the SS&Si team are proud to carry the torch—supporting alarm dealers today, tomorrow, and for the next 50 years.

About SS&Si Dealer Network

SS&Si is a value-added distributor of security and low-voltage products, offering competitive pricing, nationwide shipping, a full-service branding program, and deep dealer support. Headquartered in Deltona, Florida, SS&Si serves a growing network of independent alarm dealers through its branches in Deltona, Huntsville, Tulsa, and Hagerstown.
